Verification and Validation

Project #1

Yasmin Barari

Dr.Sami Awad

Date:14/6/2026

As discussed in class “automated tools used in regression testing” you are asked to download and install the **Selenium** portable platform to **test web application**s.

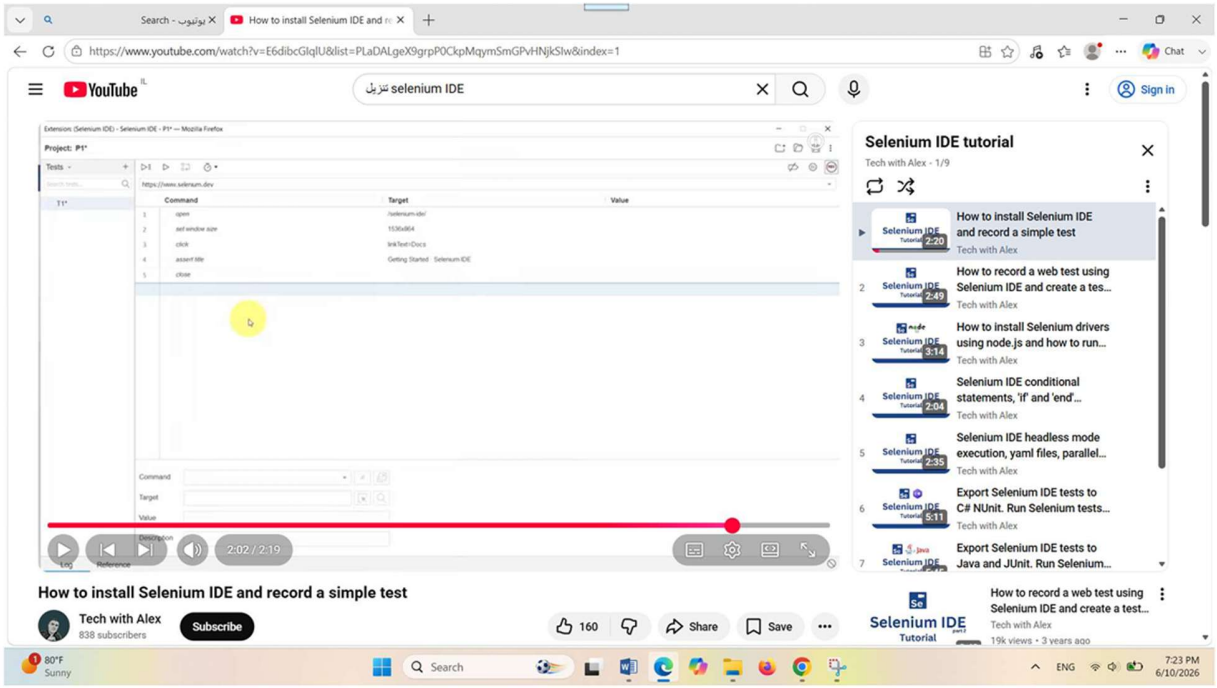

Part 1:

Video Title:

How to install Seleium IDE and record a simple test

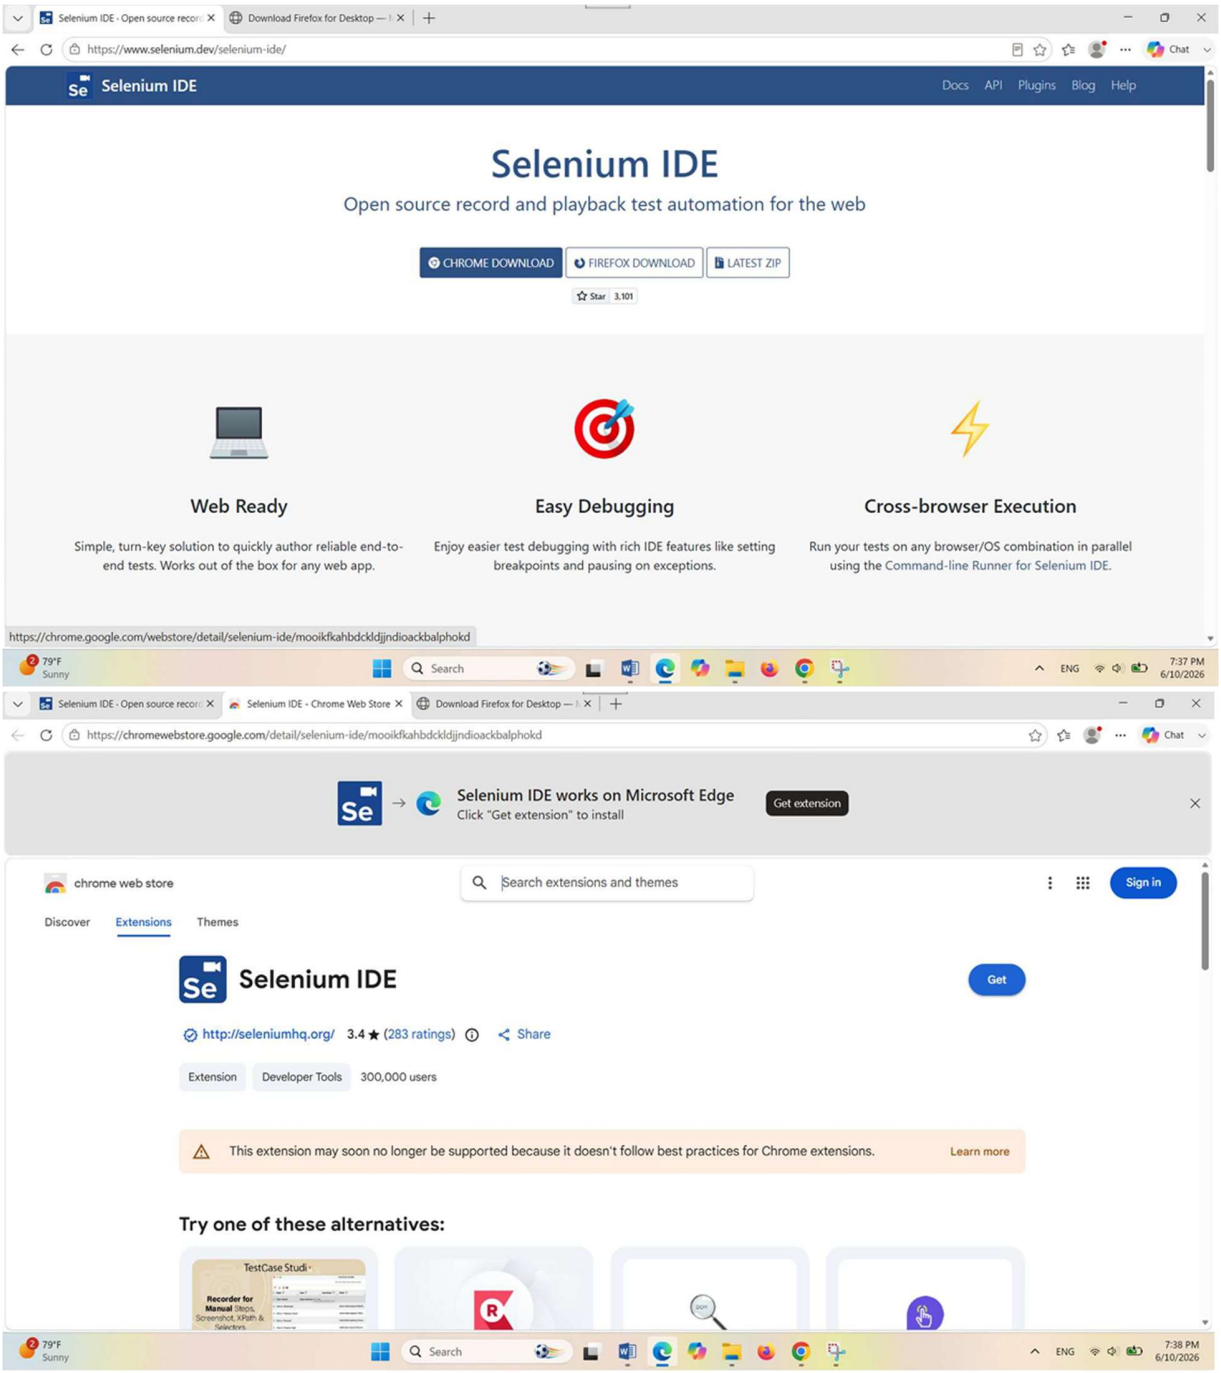

Video Link:

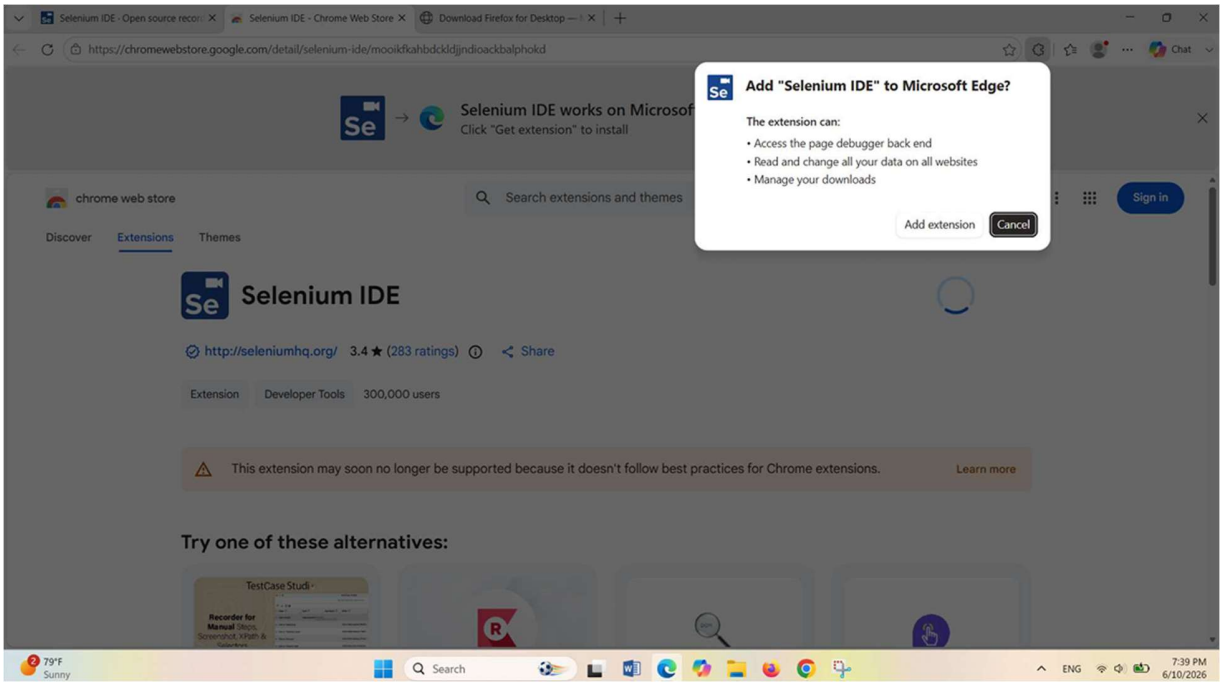

https://youtu.be/E6dibcGIqlU [1]

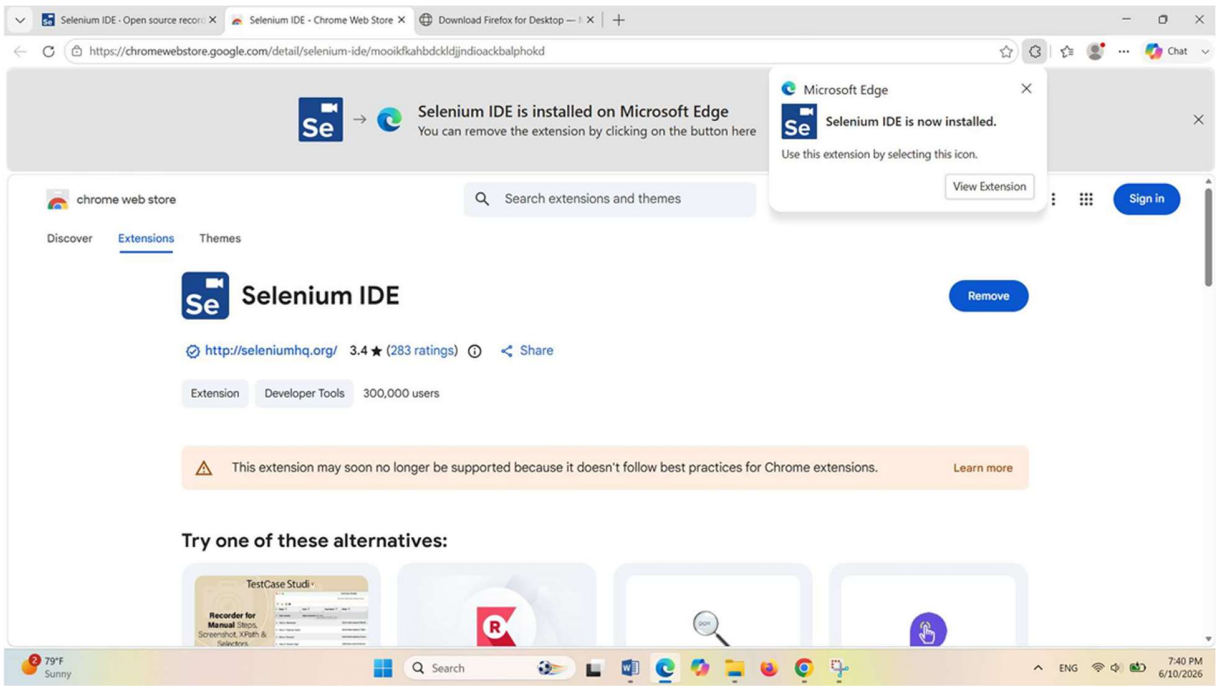

Part 2 :

- Download and Intall Selenium

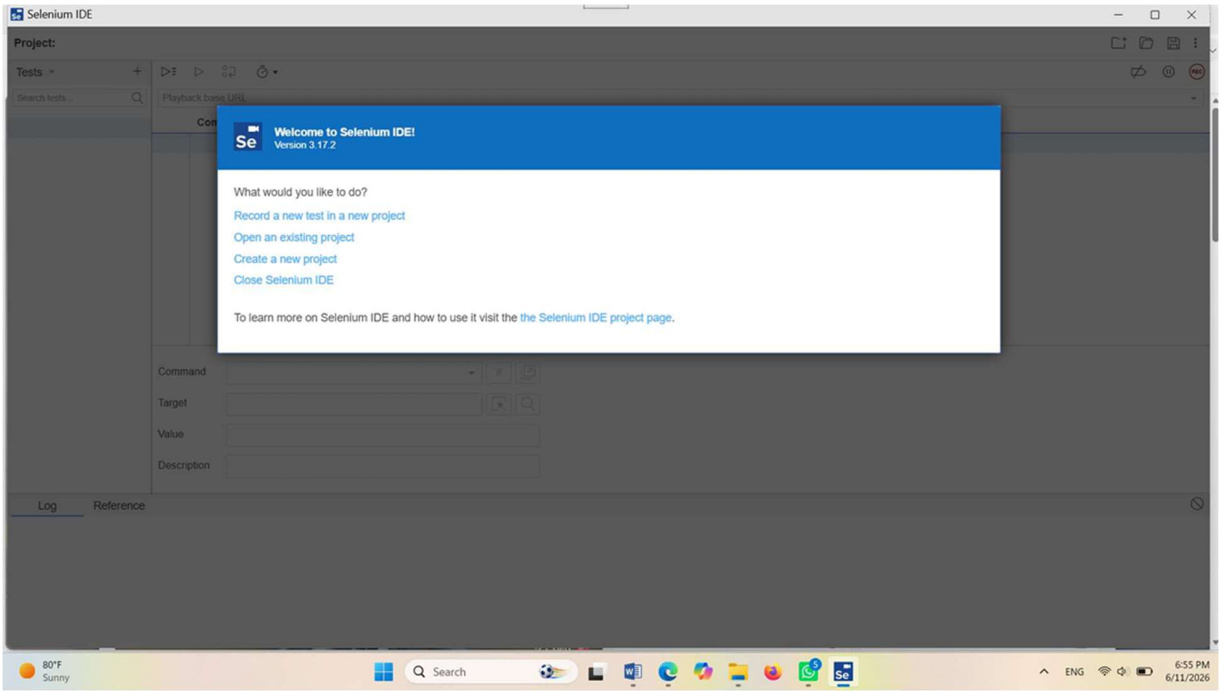

Selenium IDE - Open source recor
Selenium IDE - Chrome Web Store
Download Firefox for Desktop
https://chromewebstore.google.com/detail/selenium-ide/mooikfkahbdckldjjndioackbalphokd
Chat
Selenium IDE works on Microsof
Click "Get extension" to install
Add "Selenium IDE" to Microsoft Edge?
The extension can:
• Access the page debugger back end
• Read and change all your data on all websites
• Manage your downloads
Add extension
Cancel
chrome web store

- Design at least five Test cases for a web page of your choice. Minimum 5 test cases.

No.	Test Case Name	Test Data	Expected Result
login1	Successful Login with Correct Credentials	Username: standard_user Password: secret_sauce	Login is successful and user is directed to the Products Page.
login2	Login with Wrong Password	Username: standard_user Password: ndfjshi	Login fails and an error message appears indicating that the username or password is incorrect.
login3	Login without Username and Password	Username: (empty) Password: (empty)	Login fails and an error message appears asking to enter the username.
login4	Login without Password	Username: standard_user Password: (empty)	Login fails and an error message appears asking to enter the password.
logout	Logout	User is already logged in and then clicks the Logout button	Logout is successful and the user is returned to the login page.

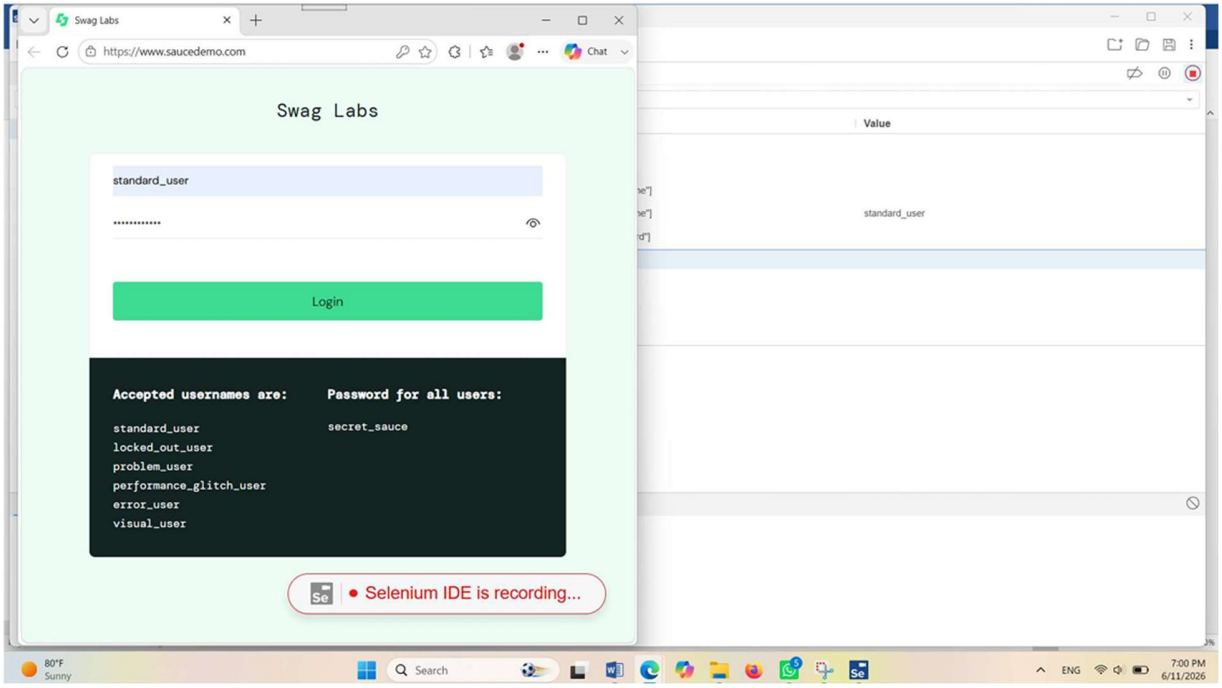

- Login
